

You are invited to share a message International Women in Engineering Day

Need inspiration?

a celebration of a woman engineer
a former student
researcher, a historical figure
contemporary figure

a thank you to anyone who inspires
you from outside engineering

a message of support from
any

a wish for the future

words of encouragement
young women considering
subjects at school or university

This year's celebration was organised by
Ferheen Ayaz, research fellow and School
EDI/AS member

The tree will be in the
submissions can be emailed in to cityandinf-communications@city.ac.uk

International Women in Engineering Day

Practitioner in industry
Wish Trees are used by women
communicating one wishes, hopes, or
dreams
attaching these offerings to trees
